Patentansökan nr / 1800140-4
Patent application No:

IPC-klass/IPC class:

G06Q 0020/00

Adressat/Addressee:

Selitha Publishers/The Marquise Mus

c/o Kerstin Celander Olsson Serenad
215 72 Malmö

Applicant: Selitha Publishers/The Marquise Museum of Contempo

Title: Dualchain business method

Reminder

The Swedish Patent and Registration Office (PRV) hereby reminds you that as of this year, an annual fee must be paid for the patent application/patent.

Annual fees regarding fee years 1- 3, are due on 2020-07-31 in the patent application/patent mentioned above.

Please find information regarding the current annual fee on our website www.prv.se.

From now on, i.e. regarding fee years 4-20, the annual fee is due on the same month and day as above.

You can not pay the annual fee any earlier than six months prior to the due date. The annual fee can be paid within six months from the due date, but with a 20% increase. If full payment is not made within six months after the due date, the patent application is dismissed. A granted patent for which payment is not made lapses.

Please note that no reminder of annual fee due dates will be sent to you. The fee must be paid without a reminder from PRV. PRV will not send you an invoice. The payment may be deposited to PRV's banking giro 5050-0248 or through our e-service Electronic payment. More information on payments from abroad and current fees are available on our website www.prv.se.
